April 14, 2008

Greeting Friends:

I am writing this letter on behalf of the board of directors to assure you that the Missouri Water and Wastewater Conference is alive and well. The Conference is undergoing some reorganization including improvements in the daily operation of the central office. MWWC's Board of Directors is preparing to bring by-law changes before the membership for a vote at the Annual Business meeting on October 7, 2008 at the Lodge of Four Seasons.

As always, training operators is the main objective of the Missouri Water and Wastewater Conference. If you have a need for training on a particular topic, call MWWC's central office and ask for Training Coordinator, Lori Cook.

MWWC's Annual Meeting is an excellent avenue for operators to get a large number of certification renewal credits in one setting. The 2008 Annual Meeting will be on October 7, 8 and 9 at the Lodge of the Four Seasons. To add an element of fun into the meeting, the MWWC will be hosting a "Chuck Wagon" at the Meeting and Greet on Tuesday evening, October 7. So, gather up your western wear and come join the fun.

Sincerely,

Sandi

Sandi Miller, Director
