

Utility Maintenance Mechanic

\$18.35 - \$23.42 per hour. Minimum to midpoint. Contingent on experience and training.

The City of Columbia is now accepting applications for a Utility Maintenance Mechanic for the City Utilities Department. This position will perform preventative maintenance on plant equipment and provide guidance and assistance to other mechanics in order to keep equipment failures at a minimum. Perform a variety of maintenance and repair work on plant equipment, including pumps, fans, gear boxes, shafts, chemical feed equipment, water lines, valves, belts, motors, electrical panels, generators, boilers, bar screens, and the like. Perform offsite pump station repair/diagnostics. High school diploma or equivalent required. Minimum of three years relevant experience. Must possess and maintain a valid Class B CDL driver's license with airbrake endorsement within six months of hire. Must possess and maintain a valid Missouri level "D" or higher water treatment or wastewater treatment operator's license within one year of hire. **For a complete job description and application, go to www.gocomojobs.com. This position is open until filled with a preferred application deadline of August 7, 2022.**
